## MISSION

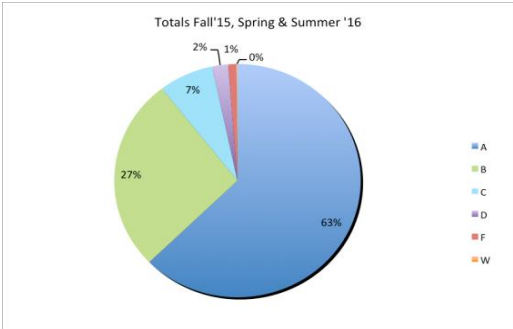

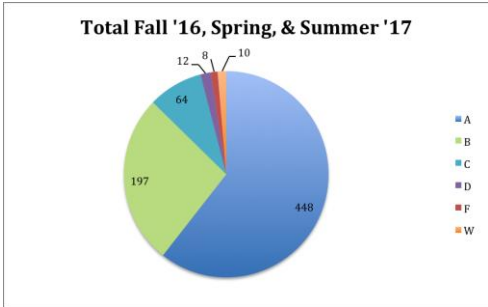

To **increase college and career readiness** by providing lower-income youth, first-generation college goers, English language learners, students of color, and other underserved populations in higher education with accelerated learning opportunities and Early College classes — at no cost to the student.

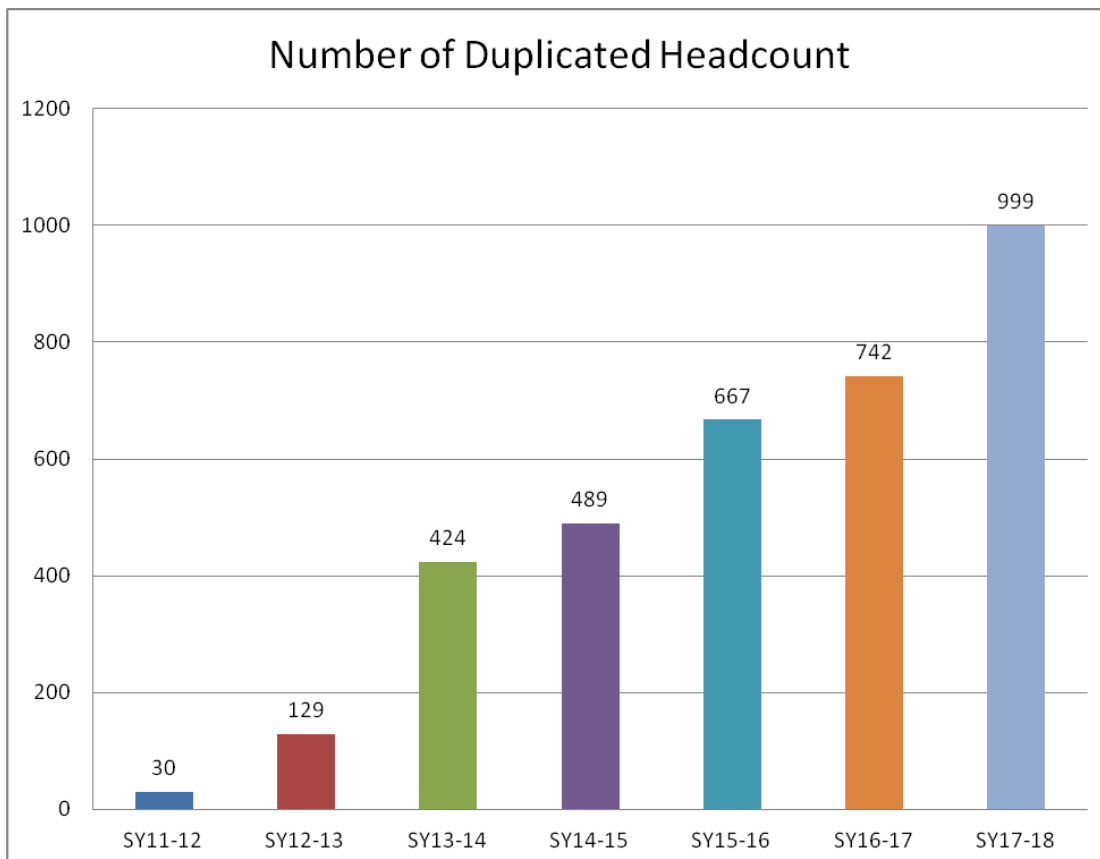

## GOAL

In concert with the **Jobs for the Future** (the nationally-recognized umbrella organization for the Early College High School Initiative), the University of Hawaii System, the Department of Education and the State of Hawaii 55 by 25 goal, the primary goal of the Waipahu High School Early College program is to afford lower-income youth, first-generation college goers, English language learners, students of color, and other underserved populations in higher education the opportunity to simultaneously earn a high school diploma and an Associate's degree or up to two years of credit toward a Bachelor's degree; thereby strengthening a more competitive economy, reducing the 27% skills gap and reducing under-employment and unemployment for the underrepresented populations.

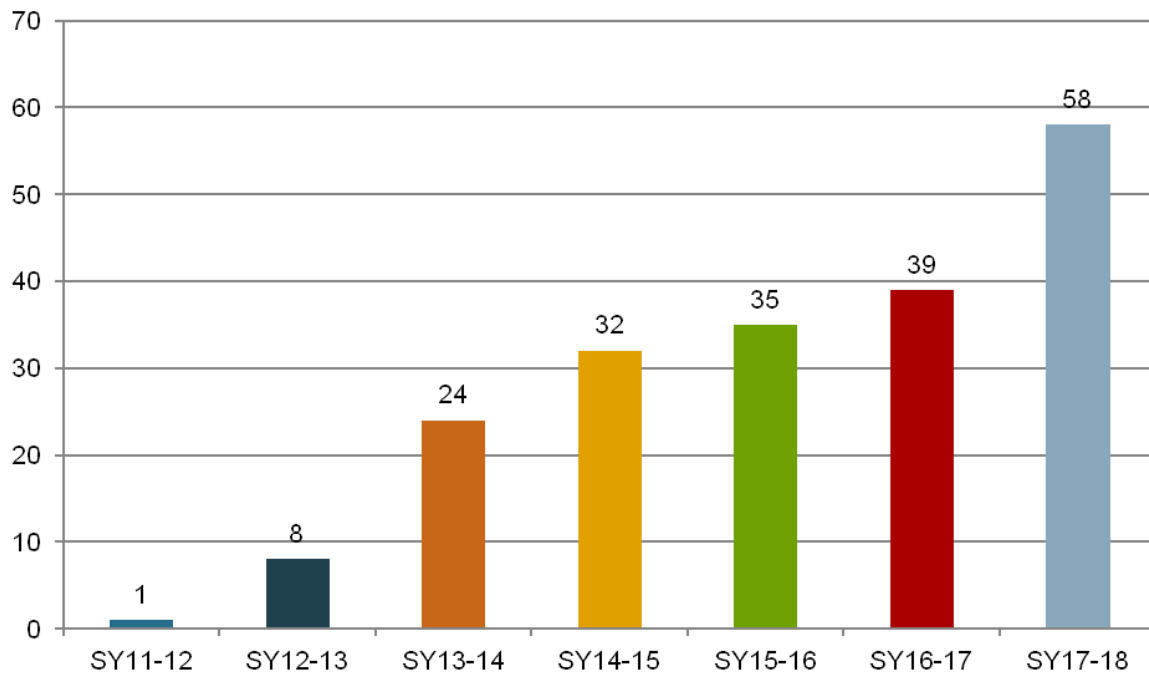

In the Spring 2014, the first McNerny Foundation supported Early College High School Olympians who aspired to be the first class in the history of Hawaii to earn an A.A. degree in May 2018

### Fourth Annual P-20 Honor Societies Pathway to Academic Excellence

On Saturday, April 28, 2018, the Fourth Annual P-20 Honor Societies Pathway to Academic Excellence brought together all five Elementary Honor Societies, Waipahu Intermediate School National Junior Honor Society, Waipahu High School National Honor Society and Leeward Community College (LCC) Phi Theta Kappa (PTK) International Honor Society. The annual event focuses on the four hallmarks of most honor societies: 1) scholarship, 2) leadership, 3) fellowship and 4) service. This year, the Fourth Annual P-20 Honor Societies Pathway to Academic Excellence focused specifically on developing leadership skills and was enthusiastically attended by over 250 participants.

The leadership workshop was held at Waipahu High School and was co-sponsored by the DOE Waipahu Complex and the West Pearl Harbor Rotary Club.

## POSITIVE IMPACTS OF THE WAIPAHU EARLY COLLEGE SY 2017-2018

- Received national recognition as presenters at the National Repository of Online Classes (NROC).
- Received the American Institute for Research (AIR) Case Study of the Waipahu High Early College Program. The American Institutes for Research is a nonprofit, nonpartisan behavioral and social science research, evaluation, assessment and technical assistance organization based in Washington, D.C
- Hosted the fourth annual P-20 Honor Societies Pathway to Life-Long Academic Excellence (250 Elementary, NJHS, NHS & PTK) Leadership Retreat.
- Received state recognition for Early College by Governor Ige.
- Inducted 36 Waipahu High School Early College students into the Leeward Community College Phi Theta Kappa Honor Society.
- Drafted the blueprint for the third Early College Associate of Arts in Teaching Olympian track.
